NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2007

(unaudited)

1 - NATURE OF OPERATIONS AND GOING CONCERN

The Company is in the business of acquiring, exploring and developing mining properties. At June 30, 2007, the Company holds the rights to the Villedieu property.

As at June 30, 2007, the Company had cash and cash equivalents of \$346,224 and working capital of \$287,071.

The Company's ability to continue operating is dependent on management's ability to secure additional financing. Management is actively pursuing such additional sources of financing, and while it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. Because of this uncertainty, there is substantial doubt about the ability of the Company to continue as a going concern.

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

2 - SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited financial statements have been prepared in accordance with Canadian generally accepted accounting principles on a basis consistent with those outlined in the Company's audited financial statements for the year ended December 31, 2006 except as described below. These notes do not include all of the information and disclosures required by Canadian generally accepted accounting principles for audited financial statements. These interim financial statements should be read in conjunction with the most recent annual financial statements of the Company.

Effective January 1, 2007 the Company was required to adopt the new Canadian Accounting Standards Board accounting standards dealing with the recognition, measurement and disclosure of financial instruments, hedges and comprehensive income, together with many consequential changes throughout the CICA Handbook. The adoption of these new standards had no significant impact on the Company's financial statements.
