Mr. Michel Chapdelainé holds a bachelor degree in geological engineering with over 25 years of experience in the exploration, mining and drilling industry, including internationally. As Senior Supervisor Geologist with Virginia Gold Mines, Mr. Chapdelainé has been involved and was responsible for a number of gold and base metals discoveries in James Bay and Northern Québec, including the Coulon base metal deposit and outstandingly the Éléonor Gold Mine, in which Mr. Chapdelainé was directly involved during the sale process to Goldcorp Inc.

"We are delighted that Michel Chapdelainé has agreed to join our Board of Directors" said Michael Ferreira, President & Chief Executive Officer of X-Terra Resources. "We know that X-Terra Resources will benefit from Michel's extensive business experience acumen and contacts. I look forward and am excited to work with X-Terra Resources as my passion for exploration has been re-ignited".

In other news, X-Terra Resources announces that its Board of Directors has granted stock options to one director and to its President and Chief Executive Officer in respect of an aggregate of 200,000 common shares.
